देश की धरती, देश का दाना

## Millets - Shree Ann of India

Indian millets are a group of nutritiously rich, drought tolerant and mostly grown in the arid and semi-arid regions of India. They constitute an important source of food and fodder for millions of resource-poor farmers and play a vital role in ecological and economic security of India. We at **Naturina Foods** took an initiative to rediscover **Ancient Grain - Shree Ann** back with a vision of building a healthy community. **Nature Nation's** unpolished Millets are nutritionally superior in **protein, vitamins, dietary fibre, iron, calcium and minerals.**

The Indian Government along with United Nations General Assembly (UNGA) declared 2023 as the **International Year of Millets.**

## Benefits of Millets

1. Gluten-free with a low glycemic index
2. Aids in diabetes prevention
3. Enhances heart health
4. Reduces the risk of cardiovascular diseases.
5. Boosts bone mass
6. Supports weight loss efforts.
7. Acts as a natural blood purifier
8. Versatile crop used for both food and fodder
9. Cultivation of millets helps reduce the carbon footprint.

## *Our Journey*

*In 1994 we started as a small retailer named **Super King Traders in Surat**. From day 1 our sharp focus was on single category **Dals and Pulses**. With continuous dedicated hard work in a few years we upgraded from retailer to semi wholesaler to Wholesaler. Slowly we changed some rules of the pulses industry in surat and doubled our turnover in a few years. **Quality Sourcing** became our core expertise by focusing on a single category for years.*

***Building a Healthy Community** became our **Vision** through our skill of quality sourcing and serving healthy and nutritional dals and pulses. In 2018 launched our Brand **Nature Nation**, under company Naturina Foods, which meant serving Health from Nature to Nation. In 2020 we made our first export. Consumers started recognizing us as a healthy product manufacturer as our only motto is to provide consistent quality year around to them.*

## *Vision*

*Our vision is nourishing and forming a healthier community by serving sustainable and healthy food to people around the globe.*
